MOMENTUM MADNESS

The race is on to see who makes it to the top and back first! Team members will have to strategize to see in what order the team should climb... then get ready to put it in high gear and cheer each other on to victory!

BLIND ASCENT

We haven't lost our senses... but you're going to lose yours! The madness gets bumped up a notch when climbers are blindfolded and have to trust and rely on their team members to guide them toward their goal.

DUAL DILEMMA

A true test of teamwork and strategy! Teammates must decide which members are best suited to ascend the wall simultaneously while holding a beach ball between their hips.

TAG TEAM BOWLING

Creates a strong team building experience by requiring team members to rely on each other to complete each frame. They also must work together to determine the best order placement of the players to optimize their total score.

STRIKE FORCE LASER TAG

A fast paced game of strategy in which team members maneuver their way through glow-in-the-dark pillars, arches and passageways in an attempt to overtake the opposing team's base station.

THE FIRE AND ICE ROUND

Requires the teams to determine who is best suited for the tasks as half the team will fire off 3 games of Super Shots while the other half freezes out their opponents with 3 games of Ice Ball.
